To Whom It May Concern:

Baptist Global Response (BGR) endorses and is partnering with the project, "Dollar For a Drink" which is being undertaken by Mr. Joshua Guthrie of Jackson, TN, USA. Joshua is a high school student with a heart for the world and BGR is proud to help him accomplish his goal of making a global difference.

Baptist Global Response is global relief and development organization. Our headquarters is in Singapore with our USA liaison office being in Nashville, TN. BGR has a vision for seeing the poor and needy of the world have a more satisfying and abundant life. Moreover, BGR is a registered 401(c) 3 non-profit organization.

BGR is involved in helping administer hundreds of projects overseas. Many of them are focused on disaster relief such as our recent projects in Myanmar, China and Georgia. However most of them are long-term development projects helping communities around the world have better access to basic services and needs such as food security, health care, water and education. The "Dollar For a Drink" project being undertaken by Mr. Guthrie is to help provide clean drinking water for at least two communities in war-torn Darfur.

If you have any questions regarding this project or Mr. Guthrie's partnership with BGR, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Palmer", with a long horizontal line extending to the right.

Jeff Palmer, Executive Director
Baptist Global Response
